

GENERAL INFORMATION

NEW FOR 1996

TAX PREPARER CONTACT BOX

A tax preparer contact box has been added to the 1996 income tax returns. It is located directly above the signature box. This box applies only if you paid a tax preparer to complete your return. If you check the box, you are authorizing the Tax Commission to contact your preparer to resolve any questions related to your return.

This authorization is valid for up to 120 days from the date the Tax Commission receives the return. If you want the Tax Commission to contact you rather than your preparer, leave the box blank.

REPEAL OF NEW JOBS TAX CREDIT AND ETHANOL ALCOHOL PRODUCTION CREDIT

The 1996 legislature repealed the New Jobs Tax Credit and the Ethanol Alcohol Production Credit effective for tax years

beginning on and after January 1, 1996. You can no longer earn either of these credits. You may carry forward any unused credits you earned prior to January 1, 1996 if the carry forward period has not expired.

TAX ON IDAHO INCOME OF A NONRESIDENT OFFICER, DIRECTOR OR SHAREHOLDER

A nonresident officer, director, or shareholder can elect to have the corporation pay the tax on his Idaho compensation earned from the corporation and distributive share of S corporation income. To qualify, the individual must not have any other Idaho source income. A C corporation must have at least 50% of its income taxable by Idaho. If the individual does not report and pay the tax on the Idaho income when required, the corporation will be taxed on the amount of the Idaho income. See the specific instructions for more information.

WHO MUST FILE FORM 41

A corporation or association that is transacting business in Idaho, is registered with the Idaho Secretary of State to do business in Idaho, or has income attributable to Idaho must file Form 41. This includes a(n):

- regular corporation subject to the income or franchise tax.
- nonprofit organization that receives unrelated business income, as defined in the Internal Revenue Code. If you do not receive unrelated business income, you are not required to file an Idaho corporate income tax return. However, if you file a federal Form 990, the Idaho State Tax Commission will accept a copy.
- corporation in business solely to perform contracts with the U.S. Department of Energy at the Idaho National Engineering Laboratory. This corporation is subject to the Idaho franchise tax. See Franchise Tax, page 2.
- receiver, trustee in dissolution, trustee in bankruptcy, or assignee who possesses or holds title to all or substantially all of the property or business of a corporation, even if the property or business is not being operated.
- mutual savings bank that does not have capital stock represented by shares, a domestic building and loan association, a domestic savings and loan association, a federal savings and loan association with substantially all of the business confined to making loans to members, and a cooperative bank without capital stock operated for mutual purposes and without profit.
- limited liability company treated as a corporation for federal income tax purposes.
- common law trust treated as a corporation for federal income tax purposes.
- Real Estate Investment Trust (REIT)
- Regulated Investment Company (RIC)
- homeowners' association
- inactive or nameholder corporation

WHO MUST FILE FORM 41S

A corporation filing as an S corporation for federal income tax purposes must file Form 41S if it:

- is transacting business in Idaho;

- is registered with the Idaho Secretary of State to do business in Idaho; or
- has one or more shareholders residing in Idaho.

Idaho accepts the federal approval of the S corporation election. Federal Form 2553 or a copy of the federal notice approving the election must be attached to your Idaho tax return for the first year you file Form 41S.

TRANSACTING BUSINESS

Transacting business in Idaho is indicated by, but not limited to, the following activities:

- owning or leasing, as lessor or lessee, any property in Idaho;
- soliciting business in Idaho;
- being a member of a partnership with business in Idaho;
- any Idaho activity from which income is received, realized, or derived; or
- having an agent, such as a collector, repair person, delivery person, etc., acting on your behalf in Idaho.

HOW TO FILE

A complete copy of the federal income tax return must be attached to the Idaho income tax return. If filing a Form 41S, all Schedules K-1 must be attached to the return or submitted with the return on microfiche. Failure to attach a complete copy of the federal return may cause the return to be delinquent.

The return must be signed by an authorized individual on behalf of the corporation.

The amounts on the return may be rounded to the whole dollar.

WHERE TO FILE

Mail the return and payment to:

IDAHO STATE TAX COMMISSION
PO BOX 56
BOISE ID 83756-0201

DUE DATE OF RETURN

Your return is due on or before the 15th day of the fourth month following the close of your tax year. For a calendar year filer, this is April 15. If the last day for filing a return falls on a Saturday, Sunday or legal holiday, the return is timely if it is filed on the next work day.

EXTENSION OF TIME TO FILE

If you cannot file your return by the due date, you must file for an extension of time on Form 41E. The extension must be filed on or before the due date of the tax return. Payment of the estimated tax due must accompany the extension. The extension is for six months. No further extension is allowed. You

GENERAL INFORMATION

will receive notice only if the extension is denied. The return may be filed at any time before the extension expires.

Form 41E is only an extension of time to file the return. There is no extension of time to pay the tax owed. For the extension to be valid, it must include at least 80% of the tax due or 100% of the total tax reported on the previous year's tax return, if a return was filed for that year. Interest is charged on any unpaid tax from the due date until the tax is paid. If the request for extension of time does not have sufficient payment attached, a 5% penalty will apply to any tax due. The minimum penalty is \$10.

QUARTERLY ESTIMATED TAX PAYMENTS

A corporation must make estimated tax payments to the Idaho State Tax Commission if it is required to make federal estimated payments and the Idaho tax liability is estimated to be \$500 or more. Estimated taxes are filed on Form 41ES. The estimated payments are due on the 15th day of the 4th, 6th, 9th, and 12th months of the tax year. For a calendar year filer, this is the 15th of April, June, September, and December.

Estimated taxes are not required for the first year a corporation exists in Idaho. The corporation will be sent the necessary estimated payment forms.

ELECTRONIC FUNDS TRANSFERS

Tax payments of \$100,000 or more must be paid by electronic funds transfer. If you are making an electronic funds transfer for the first time, contact Taxpayer Services at (208) 334-7660 for further information.

PAYMENTS

Make your check or money order payable to the Idaho State Tax Commission and attach it to the tax return.

MINIMUM TAX

The minimum tax of \$20 is required for each corporation that transacts business in Idaho, is registered with the Idaho Secretary of State to do business in Idaho, or is exercising its corporate franchise in Idaho. This includes an S corporation. For a unitary group of corporations, the \$20 minimum tax is required for each corporation in the unitary group that is required to file an Idaho income tax return, even though only one Idaho group return is filed.

The \$20 minimum tax is not required to be paid by a nonproductive mining corporation or corporation not organized for profit if not required to pay federal tax on unrelated business income.

FRANCHISE TAX

The franchise tax is imposed on a corporation for the privilege of exercising its corporate franchise in Idaho. This includes a corporation in business solely to perform contracts with the U. S. Department of Energy at the Idaho National Engineering Laboratory. The tax is computed at 8% of Idaho taxable income. Corporations are not subject to both the franchise tax and the corporation tax.

PERMANENT BUILDING FUND TAX

A corporation required to file an Idaho income tax return must pay the \$10 permanent building fund tax. This includes inactive or nameholder corporations and nonproductive mining corporations that are registered with the Idaho Secretary of State to do business in Idaho. The \$10 permanent building fund tax must be paid by each corporation in the unitary group that is required to file an Idaho income tax return, even though only one Idaho group return is filed.

An S corporation is required to pay the permanent building fund tax for each nonresident shareholder who meets the Idaho filing requirement but does not report his S corporation income on an Idaho individual return. If all shareholders file Idaho individual income tax returns, the S corporation is not required to pay the permanent building fund tax.

PENALTIES AND INTEREST

Penalties may be imposed on the tax due as follows:

- 5% for negligence or disregard of rules
- 5% per month or fraction of a month to a maximum of 25% for failure to pay the tax due
- 50% for filing a false or fraudulent return
- 10% for substantial understatement of tax

The minimum penalty is \$10.

Interest applies on delinquent tax from the due date of the return until the tax is paid at the rate of 9% per year (rate effective 1-1-97 to 12-31-97).

PERIOD/TAX YEAR COVERED BY RETURN

Use the 1996 form to file your tax return for calendar year 1996 or the fiscal year beginning in 1996.

ACCOUNTING PERIOD

You must use the same accounting period as that used for federal tax purposes. A change to the annual accounting period must have prior approval from the Internal Revenue Service. Attach a copy of the federal approval on Form 1128, Application to Adopt, Change, or Retain a Tax Year, to your return.

ACCOUNTING METHODS

You must use the same accounting method as that used for federal tax purposes. A change of accounting method must have prior approval from the Internal Revenue Service. Attach a copy of the federal approval on Form 3115, Application for Change in Accounting Method, to your return.

AMENDED RETURNS

If you discover an error on your return after it is filed, do not file the same form again. Use a Form 41X, Amended Business Income Tax Return, to make the necessary corrections. If you amend your federal return, an amended Idaho income tax return must be filed. The statute of limitations for receiving a refund is three years from the due date of the return or the date the return was filed, whichever is later.

FEDERAL AUDIT

If your federal taxable income or tax credits change because of a federal audit, you must send written notice to the Idaho State Tax Commission within 60 days of the final federal determination. You must include copies of all schedules supplied by the Internal Revenue Service. If you owe additional Idaho tax and do not send written notice within 60 days, a 5% negligence penalty will be imposed. If the final federal determination results in an Idaho refund and the statute of limitations is closed, you have one year from the date of the final determination to file for the refund.

NET OPERATING LOSSES

A corporation incurs an Idaho net operating loss in a year when it is transacting business in Idaho and its Idaho taxable income is less than zero. A net operating loss incurred by a corporation during a tax year in which it was not transacting business in Idaho may not be subtracted.

The net operating loss generally must be carried back to the three preceding years. The carryback is limited to a maximum of \$100,000. Any remaining loss may be carried forward until used, but no longer than 15 years.

A corporation can elect to forego the carryback provisions and carry the loss forward up to 15 years. This election must be made before the due date, including extensions, of the loss year return. To make the election, check the box on line 37 of Form 41, indicating the election to forego the carryback period.

An S corporation is not allowed a deduction for a net operating loss carryback or carryforward. The loss must be passed through to the shareholder to be taken on his individual income tax return.

GENERAL INFORMATION

GENERAL INFORMATION FOR MULTISTATE/MULTINATIONAL TAXPAYERS AND UNITARY GROUPS

The following instructions apply only to corporations that are taxable in Idaho and another state or country (multistate/multinational corporations) or are part of a unitary group of corporations.

ALLOCATION AND APPORTIONMENT OF INCOME

Business Income. Business income includes income from transactions or activity in the regular course of your trade or business. Business income also includes income from tangible or intangible property if the acquisition, management, or disposition of the property is an integral part of your regular trade or business operations. Business income may result even though the income was derived from an occasional or extraordinary transaction. All business income must be apportioned using the apportionment formula.

Nonbusiness Income. Nonbusiness income is all income other than business income and must be allocated, not apportioned. Allocation is the assignment of nonbusiness income to a specific state.

Apportionment Formula. The apportionment formula consists of three factors: property, payroll, and sales. These percentages are averaged to arrive at the Idaho apportionment factor. For most taxpayers, the sales factor is double weighted. Electrical and telephone utilities must use a single-weighted sales factor. See Schedule 42 for specific instructions.

EXCEPTIONS TO APPORTIONMENT FORMULA

If the allocation and apportionment provisions do not fairly represent your business activity in Idaho, one of the following exceptions may be used:

Separate Accounting. Separate accounting means allocating income and related expenses to the state where the activity occurred. Separate accounting may be used only with prior approval from the Idaho State Tax Commission. You must submit a written petition to the Tax Commission, Attention: Tax Policy, at least 30 days prior to the due date for filing the return not including extensions. You will be notified of the determination.

Exclusion Of A Factor. If any of the factors (property, payroll, or sales) do not apply to your business, use the remaining factors to compute the Idaho apportionment factor. To determine the average percentage, divide only by the number of factors used.

Tax On Gross Sales/Alternative Tax. A corporation that neither owns nor rents Idaho property nor incurs Idaho payroll may elect to pay tax to Idaho at the rate of 1% of gross sales if its Idaho sales are \$100,000 or less.

MODIFIED FACTORS FOR CERTAIN INDUSTRIES

The following businesses must use special rules in computing the apportionment factors:

- Airlines
- Carriers of Freight or Passengers
- Construction Contractors
- Television and Radio Broadcasters
- Publishers

See Schedule 42 for additional information.

UNITARY BUSINESS

A multistate business is unitary when the operations conducted in Idaho are integrated with, depend on or contribute to the business outside Idaho. Some of the tests used to determine if a business is unitary include the following:

- The three unities test. The three elements of a unitary business include:
 1. unity of ownership;
 2. unity of operation as evidenced by central divisions for functions such as purchasing, advertising, accounting and management; and
 3. unity of use in its centralized executive force and centralized system of operations.
- The contribution or dependency test. The operation of the portion of the business done in the state depends on or contributes to the operation of the overall business.

If unity of ownership exists, the presence of any of the following factors creates a strong presumption that the activities of the taxpayer constitute a unitary business:

1. All activities of the group are in the same general line or type of business.
2. The activities of the group constitute different steps in a vertically structured enterprise.
3. The group is characterized by centralized management.

COMBINED REPORTING METHOD

The combined report should not be confused with a federal consolidated return. A combined report refers to the computational method to determine the amount of business income to be reported to Idaho by each member of a unitary group and not whether the unitary group files a group return or several returns. This method uses the apportionment factor to measure the economic activities of the taxpayer in a state. Use of the combined report does not disregard the separate corporate identities of the members of the unitary group.

The combined report may be reflected on one group return filed by the unitary group or on two or more returns, one for each member which has an Idaho filing requirement. If a group return is filed for the unitary group, the following information must be disclosed for each corporation which has an Idaho income tax filing requirement:

- Idaho property, payroll, and sales amounts;
- Idaho tax computation;
- Idaho net operating loss calculation; and
- Idaho tax credits and limitations.

The combined reporting method is required if two or more corporations are engaged in a unitary business, and more than 50% of the voting stock is owned directly or indirectly by a common owner or owners. Additional information will be provided upon request. Call (208) 334-7660 to order the Guide to Combined Reporting.

Any change in the use of the combined reporting method is allowed only with prior consent from the Idaho State Tax Commission. You must submit a written petition to the Tax Commission, Attention: Tax Policy, at least 30 days prior to the due date of the return not including extensions. You will be notified of the determination.

An S corporation cannot use the combined reporting method.

WORLDWIDE FILING

If a taxpayer is part of a unitary group, the combined report must include the income or loss and apportionment factor attributes of all unitary affiliates with more than 50% common ownership. This includes corporations incorporated outside the United States.

WATER'S EDGE ELECTION

The water's edge election is only applicable to a unitary business that has ownership in at least one foreign affiliate. The business may elect to exclude the foreign affiliate from the combined return and be taxed only on a percentage of any dividends paid from the foreign affiliate.

GENERAL INFORMATION

Only the income and apportionment factors of unitary corporations filing a federal income tax return or included in a federal consolidated return are taken into account in determining Idaho taxable income. Corporations that file elections under Section 936 (Puerto Rico and Possession Tax Credit) of the Internal Revenue Code are not taken into account in determining Idaho taxable income.

The water's edge election must be made on the return as originally filed. The election cannot be made on an amended return. If a taxpayer wishes to change from the water's edge method to the worldwide filing method, permission must be requested from the Idaho State Tax Commission.

The domestic disclosure spreadsheet must be filed with the Form 41 each year. The unitary business may elect to forego the filing of the spreadsheet; however, the 85% exclusion of dividends from foreign corporations and from Section 936 corporations must be reduced to 80%. The election to forego filing the spreadsheet is a yearly decision made by checking the "Yes" box on line 10b, Form 41.

The Idaho Water's Edge Election and Consent Form, as well as the domestic disclosure spreadsheet and instructions, will be provided upon request. Call (208) 334-7573 and ask for the Water's Edge Election and Consent Form, Form 14, or send your request to: Idaho State Tax Commission, Attention ITA,

PO Box 36, Boise, ID. 83722-2220.

An S corporation cannot make a water's edge election.

MULTISTATE CORPORATE MEMBERS OF PARTNERSHIPS

If a corporation required to file an Idaho income tax return is a member of an operating partnership or joint venture, the corporation must apportion its share of the partnership's business income or loss along with all other net business income or loss of the corporation. The corporation's share of the partnership's property, payroll and sales is determined in the same proportion as the partnership's income is distributed and must be included in the corporation's apportionment computation.

NET OPERATING LOSSES

Each affiliated corporation included in a unitary group return must compute its own share of the combined net operating loss apportioned to Idaho and apply its loss to its apportioned income.

The provisions of Internal Revenue Code, Sections 381, Carryovers In Certain Corporate Acquisitions, and 382, Limitation On Net Operating Loss Carryforwards and Certain Built-In Losses Following Ownership Changes, apply in computing the Idaho net operating loss. The Section 382 loss limitation is limited by the pre-merger loss corporation's Idaho apportionment factor for the last tax year before the merger.

Any credit remaining may be shared with other members rather than carried forward to future years. A corporation that receives the credit through unitary sharing computes the applicable limitations based on its tax. Any unused credit remains with the member that earned the credit. A schedule must be attached identifying the member earning the credit and the members using the credit.
